

# Exempt Timesheet: Telework Reporting Regular and CII Exempt Staff

---

August 30, 2021

## Timesheet Update Overview

Employees can access an adobe sign version of the Telework Agreement on the [UHR Website](#)

As a result of state reporting requirements, the following updates will occur on all regular and CII Exempt and Non-exempt Staff timesheets starting pay period 5 of FY22, 8/29/2021 – 9/11/2021. UMD timesheets for exempt and non-exempt salaried staff employees will include a telework section.

- This update allows salaried staff to check a box on days they telework.
- If the employee worked any portion of the day on campus, the telework checkbox would remain unchecked
- This update will **not** impact how duty days and time-in/time-out is recorded.
  - Exempt employees would continue using the 'duty day' check box on days they work.
  - Non-exempt employees will continue to record time-in and time-out entries on days worked.
- This update will **not** impact the way leave is reported.
- Employees who do not telework can leave the telework checkboxes unchecked and do not need to complete this section. Hourly employees and faculty will see no changes to their timesheets.

Please refer to the current [time entry guidance](#) for duty day, time-in/time-out, and leave reporting guidance.

## Exempt Employee Telework Reporting Tips

The exempt timesheet beginning 8/29/2021 will now show a Telework section for each week, as shown below:

Pay Period: 2022:04 From: 08/01/21 To: 08/14/21							
WEEK 1

WEEK 1 Telework							
Telework Days	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Week 1: Total Paid Leave Hours: 0 hours 00 minutes							
Week 1: Total Unpaid Leave Hours: 0 hours 00 minutes							

### Scenario: Work Day performed on-campus:

The employee's duty day box would be checked; the employee would leave the telework checkbox unchecked.

### Scenario: Work Day performed off-Campus (Telework Day):

The employee's duty day box would be checked; the employee would check the telework checkbox for that day.

### Scenario: Work performed on-campus and employee works off-campus for a partial day:

The employee's duty day would be checked; the telework checkbox would remain unchecked.

### Scenario: Work performed off-campus (Telework) and partial day of Leave:

The employee's duty day would be checked; the leave time would be accurately recorded under the leave section; the telework checkbox would be checked. The employee did not report to campus for that day.

In all cases, the employee must remember to **Save** and **Submit** the timesheet before the timesheet deadlines for each period. **Telework reporting does not affect the pay or leave balances of the employee.**

## Supervisor

Supervisors should continue accurate review and approval of timesheets before Timesheet deadlines. Please see more information on the timesheet approval for supervisors here:
